Projects

Email Validator -- JavaScript, HTML, CSS

- Integrated real-time email validation using JavaScript to ensure the entered email addresses adhere to standard formats.
- Implemented clear and concise error messages to assist users in understanding and resolving validation issues.
- Successfully delivered an Email Validator powered by JavaScript, significantly improving the accuracy of email data input.

Real-time Chat Application – ReactJS, HTML, CSS

- Real-time messaging: Implemented live chat functionality to enable instant communication.
- Implemented user authentication and authorization for secure access to the chat application
- Utilized version control systems, such as Git, for efficient code collaboration and tracking changes.
- Built the frontend components for a modular and maintainable architecture.

Administration Panel -- Django, HTML

- Implemented a user-friendly Administration Panel for managing employee data efficiently.
- Incorporated CRUD (Create, Read, Update, Delete) functionality for employee records.
- Integrated secure user authentication and authorization mechanisms.

Internship

Dream buzz solutions

Machine learning Intern

- Developed an email spam validator using machine learning techniques, enhancing email security by accurately identifying and filtering out spam messages.

Skills

Python | Javascript | DevOps | Git | MySQL | HTML | CSS | Django | Machine learning

Certifications

- The Sparks Foundation intern
- Artificial Intelligence -- Upgrad
- Cloud computing – Infosys Springboard
- Deep learning workshop -- Indian Tech-Keys

Extracurricular Activities & Achievements

- Participated in The Great India Hackthon -- Microsoft Azure
- Member of YFS (Youth for Seva)
- Culture awareness

Education

Vidyavardhaka College of Engineering, Mysuru – Bachelor of Engineering

2024

- Information Science | CGPA: 7.58

JSS's K H Kabbur Institute of Engineering, Dharwad -- Diploma

2020

- Computer Science | Aggregate: 72.29
